

## Air / Water Heat Exchanger

### Description

|                            |                           |
|----------------------------|---------------------------|
| <b>Order Number:</b>       | 2300010                   |
| <b>Brand Name:</b>         | SLIMLINE HEX              |
| <b>Colour:</b>             | RAL 7035                  |
| <b>Housing Material:</b>   | Mild steel, powder coated |
| <b>Ingress Protection:</b> | IP 55                     |
| <b>Approvals:</b>          | CE                        |

## Technical Data

|                                              |                                                                              |
|----------------------------------------------|------------------------------------------------------------------------------|
| <b>Cooling capacity L35W10 (200 l/h):</b>    | 350 W                                                                        |
| <b>Coolant:</b>                              | Water, light oils or similar                                                 |
| <b>Operating Temperature Range:</b>          | 1°C - 65°C                                                                   |
| <b>Air flow volume (system / unimpeded):</b> | 74 / 215 m³/h @ 50 Hz<br>85 / 240 m³/h @ 60 Hz                               |
| <b>Mounting:</b>                             | Wall mounted / internal                                                      |
| <b>Dimensions A x B x C (D+E):</b>           | 303 x 153 x 84 mm                                                            |
| <b>Weight:</b>                               | 3.2 kg                                                                       |
| <b>Voltage / Frequency:</b>                  | 230 V ~ 50/60 Hz                                                             |
| <b>Starting current:</b>                     | 0.35 A                                                                       |
| <b>Max. current:</b>                         | 0.24 A                                                                       |
| <b>Max. power:</b>                           | 37 W                                                                         |
| <b>Pressure water circuit:</b>               | 10 bar                                                                       |
| <b>Water connection:</b>                     | Rp 1/4" - inside thread with 2 connectors for pipe internal diameter of 13mm |
| <b>Fuse:</b>                                 | 4 A (T)                                                                      |
| <b>Connection:</b>                           | Terminal connections                                                         |
